About Us

Welcome, adventurer, to the **DND ERA**—where ancient Korean beauty rituals meet the epic world of fantasy and roleplaying. DND ERA is more than a skincare brand; it's a quest for the legendary Glass Skin and a testament to the powerful, effective ingredients revered across centuries and realms. We believe your skincare routine shouldn't be a tedious chore—it should be a rewarding, ten-step campaign that results in a Radiant Visage worthy of any noble court or adventurer's party.

Our Philosophy: The Magic is in the Ingredients

For too long, heroes and civilians alike have suffered from dullness, dryness, and barrier breakdown. We are here to change that. Our alchemists have brewed a lineup of Wondrous Items crafted from the highest quality natural extracts, each product a focused potion to maximize your skin's health and glow.

We specialize in bringing the famed Korean “Steps” to your daily ritual, focusing on powerful, effective naturals:

- **Rice Essence:** The core of our toners and soaps, legendary for brightening and supreme hydration.
- **Fruit Enzymes:** Like the Papaya Power face wash, perfect for gentle, daily exfoliation.
- **Barrier Trios:** Our Vitamin C, E, Ferulic Acid Trio serum—your shield against environmental damage and a potion of perpetual youth.
